

LEEDS UNITED FOUNDATION

FLT FUTSAL & EDUCATION PROGRAMME

BTEC LEVEL 2 DIPLOMA SPORT

PROGRAMME DESCRIPTION

The Level 2 Futsal and Education Programme is a specialist work related course built around the BTEC Level 2 Diploma in Sport and builds knowledge of practical sports performance, training and personal fitness, running sports events and sport community volunteering. This course particularly suits those wanting to enter employment and/or further study in the sport and active leisure sector as you will gain valuable work experience, continue to study English and Maths and complete a Level 1 award in Football Coaching.

Alongside the academic aspect of the course, you will also become a player and a scholar within a professional football club and compete within the Football League Trust's Futsal League competing at the best arenas across the country. Upon successful completion of the course you will have the opportunity to progress on to the prestigious Level 3 Football and Education Programme. The Level 3 Programme provides an excellent platform for you to access higher Education with the most common exit route being university study.

COURSE CONTENT

The Level 2 Diploma in Sport and Active Leisure consists of the following units:

- Fitness for Sport & Exercise
- Practical Sports Performance
- Carrying Out a Sports Related Project
- The Mind & Sports Performance
- The Sports Performer in Action
- Training & Personal Fitness
- Sport Community Volunteering
- Anatomy & Physiology for Sports Performance
- Designing Exercise Programmes
- Work Experience in Sport
- Running a Sports Event
- The Sport & Active Leisure Industry
- The Provision of Sport & Active Leisure

NOTE: Functional Skills English and Maths will also be delivered alongside your sports studies.

The FA Level 1 Coaching Certificate in Football will be completed during your course which will look great on your CV when applying for employment and/or further study

As part of the course, you will be required to complete work experience in a variety of sports settings as well as performing various roles within the organisation of sports events; this will include refereeing and officiating roles. This knowledge and experience will allow for further progression within seeking employment and/or further Education options

TEACHING METHODS

You will learn through practical sport experience and theoretical based learning. Groups are taught through classroom lectures, practical sport, group discussions and practical application of sporting theories. The course is assessed continuously through assignment & portfolio building to meet the specific Edexcel BTEC criteria via an interactive learning platform.

COURSE ASSESSMENT

Most units are assessed through assignments which are submitted via the interactive learning platform in a variety of formats; these include written reports, posters, practical sports, demonstrations, group tasks, interviews, practical coaching, presentations, work experience, projects, performance observation and time-constrained assessments. Two of the core units are assessed using an on screen test that will be completed under exam conditions.

ENTRY REQUIREMENTS

2 GCSE's, or equivalent, at grade D or above.

PROGRESSION OPPORTUNITIES

The BTEC qualifications in Sport have been developed to meet employer needs in the sport and active leisure sector and to give full-time learners the opportunity to enter employment in this sector or to progress to further Education. In particular, this course prepares students for the Football League Trust Level 3 Education and Football Programme as well as employment in the sport and active leisure industry.
